Virginia Beach, VA – Klett Consulting Group is proud to be among the first Service Disabled Veteran Owned Small Business (SDOVSB) to be certified by the Center of Veteran Enterprise (CVE) on behalf of the U.S. Department of Veterans Affairs (VA).

The Code of Federal Regulations authorizes the U.S. Department of Veterans Affairs (VA) Center for Veterans Enterprise (CVE) to examine ownership and control records to verify that the businesses registered in VetBiz Vendor Information Pages (VIP) database are eligible to participate in VA's buying authority established under Public Law (P.L.) 109-461, Section 502 and 503.

The Office of Federal Procurement Policy (OFPP) informed all Federal agencies that VetBiz VIP should be the first source for finding Veterans in business. The Administrator of the Small Business Administration and Acting Administrator of the Office of Federal Procurement Policy jointly issued a memorandum for the heads of executive departments and agencies encouraging agencies to focus contracting efforts on small businesses owned and controlled by service-disabled Veterans and to inform them of VA's efforts to assist them by the creation of VIP and some new tools that will assist agencies in this effort. The VIP Database is the only federally controlled database in which a legal verification process is used to determine service disabled or veteran status of a small business. All companies participating in the Veterans First program under PL 109-461 are required to submit evidence of ownership / control and veteran status before being awarded a VA contract under the set-aside authority.

Established in 2002 and headquartered in Virginia Beach, Virginia, Klett Consulting Group, Inc. (KCG) is a service disabled veteran owned small business that provides a broad range of innovative operational and system engineering services, professional consulting services and Subject Matter Expertise. Klett Consulting Group's business philosophy is to work with our partners and clients to 'Create the Future' and provide the best outcome-based, product-oriented consulting services that result in solutions for customer challenges through experience, knowledge and access to an extensive network of industry and government knowledge agents. KCG's focus is on system integration services to facilitate ideas and concepts across the technical and operation boundaries to create new capabilities. More information is available on the Internet at www.kcg-inc.net.
