Virginia Beach, VA – Mark N. Klett, President and CEO of Klett Consulting Group, Inc will speak to the U.S. House of Representatives Committee on Small Business, Subcommittee on Contracting and Technology, entitled “*Ensuring Stimulus Contracts for Small and Veteran-Owned Businesses*” on March 12, 2009. Mr. Klett’s extensive experience as a Department of Defense (DoD) Contractor and as the leader of a Service-Disabled Veteran-Owned Small Business in Virginia Beach, VA will provide the committee with direct understanding of the issues facing the SDVOSB community. With the issuing of the Federal Stimulus package and the on-going work with the Fiscal Year 2010 budget, the ability to understand the current climate for small businesses is crucial for the members of the committee. Mark Klett said, “At the current time, very few agencies in the Federal Sector are meeting their Veteran, Disabled Veteran, or Small Business targets. Small Businesses can help lead the economic recovery with innovative and cost effective solutions if given the opportunity.”

Established in 2002 and headquartered in Virginia Beach, Virginia, Klett Consulting Group, Inc. (KCG) is a Service-Disabled Veteran-Owned Small Business (SDVOSB) that provides a broad range of innovative operational and system engineering services; professional consulting services; and C4ISR Subject Matter Expertise (SME). Klett Consulting Group’s business philosophy is to work with our partners and clients to ‘Create the Future.’ KCG provides the best outcome-based, product-oriented consulting services that solve customer’s challenges through an extensive network of industry and government knowledge agents. KCG’s focus is on system integration services to facilitate innovative concepts across the technical and operation boundaries and create new capabilities.
